OBJECTIVE

Motivated Java Full-Stack Developer with expertise in Spring Boot, React.js, and modern web technologies. Passionate about solving complex problems, building scalable applications, and contributing effectively to collaborative development teams.

TECHNICAL SKILLS

- Programming Languages: Java, JavaScript, SQL
- Frontend Technologies: HTML5, CSS3, Bootstrap, React.js, Redux, Tailwind CSS, Three.js
- Backend Technologies: Spring Boot, Node.js, Express.js, REST APIs
- Databases: MySQL, MongoDB
- Tools & Platforms: Git, GitHub, Postman, VS Code, Vercel, Render

EXPERIENCE

PMO & Research Intern | Deloitte

Aug 2026 – Present

- Supported revenue campaign monitoring, tracking performance, conversions, and ROI across active initiatives.
- Performed system and data checks across DESC, Jupiter, ensuring data integrity, access, and reporting accuracy.
- Conducted company and financial research, preparing one-pagers on financial performance, quarterly results, and key announcements.
- Performed stakeholder identification and mapping using LinkedIn and research tools to identify key decision-makers and influencers.
- Conducted competitive intelligence research covering competitor movements, partnerships, and market positioning.
- Leveraged AI and productivity tools for meeting minutes, email drafting, and PMO workflow optimization.

Technology Executive | Cillages Pvt Ltd

Jul 2026 – Aug 2026

- Developed and deployed the corporate website using React.js, Vite, and Tailwind CSS, building responsive pages and reusable UI components.
- Contributed to Unified Command Center (UCC), a SaaS-based platform, building dashboard interfaces and frontend modules.
- Structured frontend applications with mock/static data, designed for future API integration with backend services.
- Created product presentations, catalogues, and technical documentation for automation and smart-infrastructure solutions.
- Collaborated across technology, product, and business teams to support digital and automation initiatives.

AI/ML Research Intern | Sum Research Labs

Jun 2026 – Jul 2026

- Built application components and solutions using React.js and Node.js, supported by modern AI-assisted development tools.
- Explored and implemented AI/ML-oriented solutions, gaining hands-on exposure to software development workflows.
- Utilized AI tools to accelerate coding, debugging, research, and application development.

PROJECTS

Cryptex | Full-Stack Crypto Trading Platform [GitHub \(Backend\)](#) | [GitHub \(Frontend\)](#)

(Feb 2026 – Apr 2026)

Technologies: Spring Boot, Spring Security, JWT, MySQL, React.js, Redux, Tailwind CSS, shadcn/ui, ApexCharts, Stripe, RazorPay

- Developed a secure, scalable full-stack cryptocurrency trading platform with separate Admin and User systems.
- Implemented JWT-based authentication, email verification, and two-factor authentication (OTP) for secure access.
- Integrated live market data, real-time price tracking, and interactive charts to support trading analysis.
- Built wallet management functionality enabling secure deposits, withdrawals, and peer-to-peer transfers.
- Designed RESTful APIs for user management, transactions, wallet operations, and real-time market updates.
- Built an admin dashboard for user management, transaction monitoring, and platform oversight.

Vybe | Full-Stack Social Media Platform [GitHub Repo](#) | [Live Demo](#)

(Nov 2025 – Dec 2025)

Technologies: MongoDB, Express.js, React.js, Node.js, Redux Toolkit, Render

- Developed a full-stack social media platform inspired by Instagram, with posts, reels, stories, messaging, and profiles.
- Implemented secure authentication using JWT, cookies, and bcrypt.js password encryption.
- Built core social functionalities including likes, comments, saved posts, and a follow/unfollow system.
- Designed media upload functionality for images and videos using Multer with file validation.
- Deployed the application on Render with complete frontend-backend integration.

EDUCATION

Bachelor of Science in Computer Science

2022 – 2025

D.G. Ruparel College, Mumbai University | CGPA: 8.14

CERTIFICATIONS & ACHIEVEMENTS

View all certifications on LinkedIn: [\(click here\)](#)

- Java Full Stack Development Program – IT Vedant Education Pvt. Ltd. (2026)
- Java Fundamentals – IBM Skills Network / IBMCEP (2026)
- SQL and Relational Databases 101 – IBM Skills Network (2026)
- Java (Basic) – HackerRank (2026)
